## Quality Policy

Rock West Composites recognizes that fundamentally our customers expect on-time delivery of product that meets all contractual requirements. In order to meet these and all other customer requirements and expectations, Rock West Composites is committed to achieving operational excellence through adherence to our Quality Management System and continual improvement of our products, processes, services, and communication.

## Quality Objectives

- Achieve 95% or greater on-time delivery of product.
- Achieve 97.5% or greater delivered product quality.
- Achieve 10% or greater company growth.
