Warning

Hazard Statements

Causes skin irritation

May cause an allergic skin reaction

Cytec Other Hazards

Polymerization may occur from excessive heat, contamination or exposure to direct sunlight. By excessive exposure to dust, eye and respiratory tract irritation is possible.

Precautionary Statements

Wash face, hands and any exposed skin thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection. Avoid breathing dust/fume/gas/mist/vapours/spray. Contaminated work clothing should not be allowed out of the workplace. IF ON SKIN: Wash with plenty of soap and water. Specific treatment (see supplemental first aid instructions on this label). Take off all contaminated clothing and wash it before reuse. If skin irritation or rash occurs: Get medical advice/attention. Dispose of contents/container in accordance with local and national regulations.

Miscellaneous Statements:

IMPORTANT! Use mechanical exhaust ventilation when heat-curing material.

GHS Symbols (if required):

The ® indicates a Registered Trademark in the United States and the ™ indicates a trademark in the United States. The mark may also be registered, subject of an application for registration, or a trademark in other countries.

Right-to-know data for CAS No. / Component

Before handling this material, read Safety Data Sheet # 0057022 for more detailed safety, health and environmental data.

The following components of this product are listed in accordance with right-to-know laws:

Component / CAS No.

Nylon	24993-04-2
Polyethylene	9002-88-4
Fiberglass	-

Component / CAS No.

Aromatic glycidyl derivative #2	-
Epoxy/Phenolic resin	-
Aliphatic amine #3	-
May be supplied on one of the following carrier(s):	-
Silica, vitreous	60676-86-0
Aramid fiber	26125-61-1
Carbon Fiber	7440-44-0
Poly(aromatic glycidyl ether) #2	-
Polyester	-

Standard Packaging Statements:

Drums:

ATTENTION - Container headspace may contain hazardous gas or vapor. Open container with care, using adequate ventilation and avoiding ignition sources. Do not use air pressure or apply heat with open flame to remove contents of container. After emptied, container may retain solid, liquid, and/or vapor residues. Continue to observe all precautions, if any, on label. Do not cut, puncture, torch, or weld on or near emptied container. Do not use for other purposes.

Bags:

ATTENTION - After emptying, bag may retain solid, liquid, and/or vapor residues. Continue to observe all precautions, if any, on label. Do not cut, puncture, torch, or weld on or near emptied container. Do not use for other purposes.

Tank car/truck (bulk):

ATTENTION - Container headspace may contain hazardous gas or vapor. Open container with care, using adequate ventilation and avoiding ignition sources. DO NOT REMOVE TAG UNTIL TANK IS CLEANED.

Cylinders:

ATTENTION - Cylinder contains gas or liquid under pressure. Using equipment rated for cylinder pressure, open valves slowly with care, using adequate ventilation and avoiding ignition sources. When cylinder is empty and disconnected, ensure threaded plugs are properly inserted in valve openings as the cylinder will contain residues. Continue to observe all precautions on label. Protect cylinders from physical damage; do not drag, roll, slide, or drop. Do not cut, puncture, torch, or weld on or near emptied cylinder. Do not use for other purposes.
