Technical drawing of a knurled band. The top view shows a square with rounded corners and a diameter dimension  $\phi$  "G". The side view shows a rectangular profile with a knurled outer surface and a smooth inner surface. Dimensions are labeled: "A" for overall length, "B" for overall height, "C" for inner diameter, "D" for outer diameter, "E" for inner diameter of the knurled section, "F" for outer diameter of the knurled section, and "G" for the overall diameter.
